K MITRA,
for Registrar General, India.

NATIONAL SAVINGS CERTIFICATES

Available in three different series, maturing after 5, 7 and 12 years. The yield is 3%, 3.57% and 4.16% simple interest, respectively, at maturity. Thus, in the 12 year-certificates money increases by 50% on maturity. Interest is free of income-tax and super-tax and is not taken into account in arriving at the total taxable income.

The certificates are obtainable from Post Offices doing Savings Bank business in denominations of Rs. 5, 10, 50, 100, 500, 1,000 and 5,000. An individual can invest up to Rs. 25,000, and two joint holders up to Rs. 50,000/-.

Full particulars obtainable from Post Offices, District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioners, Simla.

Deposits accepted in multiples of Rs. 100/- up to a maximum of Rs. 25,000 for a single depositor and Rs. 50,000 for two persons jointly. Interest at 3½% per annum (free of all taxes and not taken into account in assessing the total taxable income) is paid or remitted to the depositor's address every year. Deposits accepted at offices of the Reserve Bank of India at Bombay Calcutta, Delhi & Madras, and Branches of The Imperial Bank of India in other places transacting treasury business.

Full particulars obtainable from District Organisers of the Small Savings Scheme, Assistant National Savings Officers, Provincial National Savings Officers, or the National Savings Commissioner, Simla.

3½%

TEN-YEAR TREASURY SAVINGS DEPOSITS

Explanation of symbols used :—B.—Births; B.R.—Birth Rate; C.—Cholera; S.—Smallpox; P.—Plague; F.—Fever; D.D.—Dysentery and Diarrhoea; R.D.—Respiratory Diseases; M.D.—Maternal Deaths; D.R.—Death Rate; I.D.—Infantile Deaths (included in total deaths).

REMARKS

The figures of births and deaths shown in this statement for week ending the 17th November, 1951, relate to 201 towns with an estimated population of 27,463 thousands. The total number of towns is 256 and their population is 31,222 thousands. Thus 79% of the total number of towns representing 88% of the total population is covered in this statement. The numbers of births and deaths recorded in these towns were 20,461 and 9,232 representing birth and death rates of 38.7 and 17.5 per thousand of population respectively.

(A) States (Parts A & C).—The data here relate to 177 towns with an estimated population of 24,051 thousands. Information about Assam and Bihar could not be included. The total number of towns is 219 and their population is 26,799 thousands. Thus 81% of the total numbers of towns representing 90% of the total population is covered. The

numbers of births and deaths recorded in these 18,530 and 84.08 representing birth and death rates and 18.2 per thousand of population respectively. The at the end gives the position by States.

No town recorded a high death rate of 50 or over per thousand of population.

(B) States (Part B).—The data here relate to 24 towns with an estimated population of 3,412 thousands. The total number of towns is 37 and their population is 4,423 thousands. Thus 65% of the total number of towns representing 77% of the total population is covered. The numbers of births and deaths recorded in these towns were 1,931 and 824 representing birth and death rates of 29.4 and 12.6 per thousand of population respectively. No town recorded a high death rate of 50 or over per thousand of population.
